## GSB NEWS 17.12.2021

Dear Members,

first of all, we would like to take this opportunity to thank you for your cooperation and the trust you have placed in us. It was a year that was like a roller coaster ride. The constant ups and downs caused by the pandemic made it necessary to make decisions under uncertainty in all areas of life.

A phase characterized by restrictions was followed by a phase beginning with the vacation season that was almost reminiscent of normality. Many used it for traveling or for a long-awaited visit of their favorite restaurant. The coating industry also reacted, and a number of events were scheduled again. Together with you, we were happy to meet again at our general assembly in Leipzig and enjoyed the personal exchange without having to rely on video conferences.

After this period of ease, the pandemic situation became noticeably worse and containment measures were tightened. Now it is once again a matter of using the accumulated strength from the less Corona-dominated period and looking at the positive indicators. More efficient tools are now available to fight the pandemic than they were last winter. The architecture sector has also proven to be very resilient to the crisis, and the new ways of working have taken hold very well.

At the end of the day, one thing remains certain about a roller coaster ride. After a descent, it's uphill again. With this in mind, we wish you a Merry Christmas and a healthy and successful 2022.

Until **22.12.2021** we are available for you as usual. From **3.1.2022** we will be there for you again.

Your GSB team

We would like to thank the WEINISCH GmbH & Co. KG for the coating of our logo as part of the competition organized within the framework of our general assembly.
