Dear members,

the corona virus also effects the GSB. You may be wondering, how the GSB will proceed with the examinations and the daily business. With this in mind, we gathered all necessary information in this newsletter.

This information refers to **the situation on March 17, 2020**. Of course the situation can change at any given time. If anything changes, we will provide all **relevant information** to you by **using this communication channel**.

- The **inspections** of the coating plants **will not be carried out until further notice**.
- Like the GDA team, the GSB team is working in home office and **can be reached as usual by e-mail**. We can also be reached via **telephone by using the usual numbers**, as the phones have been switched to mobile devices. This is necessary because a corona case has occurred in a company located in the same building as the GSB. At present, the property management is trying to organize a cleaning of the generally accessible areas. Due to the current situation this is very difficult.
- The **training course** originally planned for May 13 and May 14, 2020 **is postponed**. We will inform you immediately about an alternative date.
- The **Paint Expo is postponed** and will take place from **October 12 to October 15, 2020**.

Best regards,

the GSB Team
